

Scaling your Business for Sustainable Growth
Discussion & Networking Event Hosted by Integrated Project Management
October 6, 2011 4-6pm

Growing from a company of 1 to a team of 100 isn't always an easy task if you want to *grow right*, something that President and CEO of Integrated Project Management Company (IPM), C. Richard Panico often says. In its 23rd year of operation, IPM has enjoyed several years of growth and even a few years of incremental setbacks. This, however, hasn't changed Panico's vision of building a company that endures 100 years. A true entrepreneur, Panico founded IPM in 1988 on the principles of quality, trust, and honesty.

IPM cordially invites you to the CIC's Venture Café series on Thursday, October 6 for an interactive session on "Scaling your Business for Sustainable Growth." Panico's discussion will focus on the importance of building a strong company foundation to ensure a century of success. Plenty of time for questions and networking will be provided following the talk. The evening's schedule is as follows:

4:00 - Welcome

4:15 - 4:45 - Topic discussion and Q&A

4:45 - 6:00 - Networking
