IPM Named among 2011 Great Places to Work for Second Year

Employee Trust a Leading Factor

Burr Ridge, IL, October 18, 2011 – [Integrated Project Management Company, Inc.](#) (IPM) today announced that it was named to the [Great Place to Work® Rankings: 2011 Best Small & Medium Workplaces Presented by Entrepreneur®](#) for the second consecutive year. IPM is a project management consulting firm that serves the life sciences, ag science and nutrition, healthcare, consumer goods and industrial sectors. The annual list recognizes companies that have exceptional workplace cultures.

IPM was selected among hundreds of companies vying for a place on the list this year. The selection process includes an employee survey and an in-depth questionnaire about company programs. Applications were evaluated based on five dimensions: credibility, respect, fairness, pride and camaraderie.

“At IPM, honesty is not just a concept, it’s a practice,” said Michael Baumann, Ph.D., IPM project management consultant. “Openness is a two-way street between management and staff. That creates a very freeing environment, where I can focus fully on serving my clients instead of being distracted by office politics. IPM is also a true meritocracy. People advance if they do stellar work and demonstrate teamwork, which is a high-ranking value here. Our culture is both nurturing and demanding, and instills dedication.”

Great Place to Work found that employees believe they work for great organizations when they consistently trust the people they work for, have pride in what they do and enjoy the people they work with.

About IPM
